Experience

Neoble

Senior Frontend Engineer

Sep '23 - Nov '24

Bengaluru, India

- Leading Frontend Development with a team of 3, building **2 React and 1 React Native (Mobile, both iOS and Android) Applications**, with focus area being Performance, Customer Experience and faster GTM.
- Used cutting edge techniques such as **Design System, Monorepos** and **Micro-Frontends** to reduce TTM, improve Developer Experience and Performance.
- Working with **Founder, Product and Design** team to build complex UI flows, which require deeper understanding of product and tech.

Tekion Corp

Senior Frontend Engineer

Mar '22 - Aug '23

Bengaluru, India (Remote)

- Worked on a Frontend Project to create complex UIs, used **Virtualization Technique** and **lazy-loading** to make it performant.
- Planned & Implemented **Unit and E2E Testings** and **CI/CD pipeline** for the application using **Playwright, Github Action and AWS amplify**.
- **Revamped outdated codebase** to adhere to modern development standards, resulting in significant operational cost and time savings.

indiagold

Frontend Engineer

Aug '19 - Feb '22

New Delhi (Remote)

- Worked with a team of 3 to build **Single Page Application** having around **1M+ MAU**, with load time of 2s and **Bugsnag stability-99.9%**.
- Contributed to the **Design System** following **Atomic Design Principles**, which was adopted by multiple internal Web Apps.
- Contributed to the **React Native based Mobile Application**, which comprised of Complex UI and loan booking and tracking among others.
- Implemented **rate-limiting** and **throttling** feature to the custom homegrown **API gateway** service to enhance security using **Leaky Bucket Algorithm**.

Projects

Phraze

 [Project Link](#)

- Created an exquisite tool for bloggers, with Notion like Block based Editor using **Lexical.js (by Meta)** as backbone.
- Added realtime collaboration on editor using **Y.js and Web Sockets**.
- **Repo** - <https://github.com/phraze-app/phraze>

Education

Haldia Institute of Technology

Computer Science and Technology

8.2 GPA

Aug '15 - Jul ' 19
